## KENNEDY IS ACQUITTED to the District of Columbia, as well as all other evidence in the case." Prosecuting Atterney Mullowny briefly addressed the jury, plainly set-

The Jury Deliberates Four Hours ting forth the Government's case. He was followed by Mr. Alpheus Johnson, who addressed the jury for the deon His Case.

The Defendant and His Attorneys Warmly Congratulated After the Decision.

Mr. John Kennedy, the coal dealer, charged with violating the statute regulating the sale of coal in the District, was yesterday acquitted of the charge by a jury in the police court. The speific charge against the defendant was not delivering to the drivers of his carts certificates as prescribed by law.

The complaint was that on January S he delivered coul at the Denniso school building, signed by District Inspector Howard, and not by John Kennedy, the seller. When the information was sworn out it also charged the de fendant with delivering short-weight coal, but when the Government was called on to elect on which count it would proceed against the accused, the prosecuting attorney entered a noile prosequi as to that charge.

The trial consumed the greater part of three days and was stubbornly contested on both sides.

defendant was represented by Mr. Alpheus Johnson and Judge Jere M. Wilson, while the interests of the Government were looked after by As-United States Attorney Alex R.

wide range, and every matter which

wide range, and every matter which could be brought to bear on the question was produced in evidence.

Judge Scott in his ruling said: "The ground of complaint in this information is the alleged failure and neglect of the defendant to deliver to the person in charge of the wagon used in delivering the coal mentioned in the first count of the information a certificate signed by the defendant, showing the weight of the coal purported to be delivered, and other facts, as required by section 12 of the act of March quired by section 12 of the act of March 2, 1895.

If the jury find from all the evilence in the case that the defendant willfully or unintentionally omitted to give the person in charge of the wagon the certificate required by tion 2 of said act, then you should the defendant guilty as charged in the information.

"In determining whether the de-fendant willfully or unintentionally omitted or failed to give the person in charge of the wagon the said certificates, they are to consider all the evidence given in the case. An accidental or unlintentional omission on the part of the defendant to give said certificates would not render the defendant ant guilty: and upon the question of whether the omission was or was not willful or unintentional, it is proper for the jury to consider the course of business heretofore existing, pertaining to the delivery of coal by the defendant

Meeting of Virginia Daughters of

Knights of Pythias Inspection-Coutest for the Port Collectorship-Sentences in Police Court.

Alexandria, Feb. 9.-A meeting of the Seventeenth Virginia Regiment Chapter, Daughters of the Confederacy, was held today in Lee Camp Hall. Attention was called to a joint resolution introduced in the legislature by Mr. Charles M. Wallace, to amend the constitution of the State by striking from the bill of rights originally drafted by George Mason, additions made to that bill by the Underwood convention in 1865. Mrs. Rowland desired the chapter to take action showing sympathy with the movement. The matter was referred to a committee.

Lieut, Col. R. G. Baughman, of Richmond, last night inspected Rathbone Company 8, Uniformed Rank, Knights of Pythias, and installed the officers re-

cently elected by the company.

The members of the Old Dominson Boat Club met tonight and considered plans looking to the rebuilding of the property of the club, which was destroyed by fire on the river front last

The funeral of the late William W. Warder took place this afternoon at 3 o'clock from Trinity M. E. Church, and was attended by the members of the Junior Order of American Mechanics. Rev. L. I. McDougle conducted the services, and the pall-bearers were Messrs. S. Parks, M. Schwab, L. Butts, Henry Hunter, N. Cradlin and Theo-dore Turner.

Gov. Tyler has approved the bill to amend the thirty-third section of the charter of the city of Alexandria in relation to improvements to streets, and of assessing the costs to abutting prop-erty owners. The Governor has also approved the bill authorizing the trustes of the Episcopal Theological Seminary and high school to confer the degree of bachelor of divinity.

In the police court today Spencer Raymond and William Nicholson, both

rasymond and William Nicholson, both colored, for being drunk and disorderly, were fined \$2.50; Andrew Jackson, col-ored, charged with disorderly conduct, was sent to the chain gang for twenty days, and lower laws.

was sent to the chain gang for twenty days, and James Jones, also colored, charged with carrying concealed weap-ons, was dismissed.

The concert given by the Railroad Reading-room Workers last night was a decided success. Among those who took part in the entertainment were Mrs. Belle Bradford and Mr. Morsell, of Washington Washington.

Moses Rowe and Lambert Gregory, both colored, charged with stealing coal from the Southern Railway Company. were sent to jail this afternoon by Jus-

tice Lovejoy for ten days.

## NEWS FROM ALEXANDRIA The Only Thing Needed

To Remove Bronchitis, Catarrh, Consumption and Pneumonia

From the List of Daugerous Diseases Is the Education of the People.

Ever since the discovery that catarrh. bronchitis, pheamonia and consumption were purely local useases, caused by the presence of bacili in the air passages, the medical profession throughout the waste worth and consumption were purely locally in the air passages, the medical profession throughout the waste worth and control to the track of the medical profession throughout the waste worth and cannot be reached and destroyer. How they have succeeded is best told by a glance at the renorts published by the different boards of health in all the large cities in this country, which show not only a great increase in the number of deaths yearly from these discusses, but a startling growth in the number of persons afflicted. This failure to find a cure for diseases of the respiratory organs most not be construct to mean a lack of ability on the part of the medical profession, for they have discovered many remedies which would kill these germs. Yet, strange to say, not one of them could be converted to the parts affected by dry air. It can be readily seen, then, that the discovery of "Hyomei," a germicide of sufficient nower to kill at once the bacilli of these discases, and at the same time volatile enough to impregnate every particle of air breathed by the patient, yet leaving it free from moisture, was one of vital importance to the medical world. Doctors throughout the whole country began to test the efficacy of this new remedy and how, after two years trial in bondreds of cases under their own care. Over 3,800 physicians claim that "Hyomei" the Australian Dry Air Cire, is the only treatment by which all the discase parts of the respiratory organs can be reached and cured.

Furthermore, it is claimed that in families who are predisposed to catarrh and consumption, if the fathers and mothers will but instruct their children in the use of "Hyomei," the rising generation will be freed from those dread diseases. It would seem, then, that nothing remains to be done in order to remove these discases from the list of danc

### JIM HART'S PLAYING RULES.

Hanton Not Disposed to Accept the New Suggestions.

Baltimore, Feb. 9.-Manager Hanlor has read the copy of the changes in the playing rules sent on by Jim Hart, and it is not likely that he will affix his ignature, as he does not approve of any of the changes suggested.

Many of these changes are trivial An attempt is made to define more strictly the balk and also to make more clear an infield hit and an illegal delivery. Hart proposes to drop earned runs altogether, a proposition tha Hanlon does not agree with. The Bal-

timere manager thinks that carned runs should be scored in order to keep a line on the pitchers. The rules about umpires are changed so as to conform to the double umpire system. The umpires shall be called the referee umpire and associate um-pire. The first named shall stand bepire. The first named snail stand whind the bat, and shall be the sole judge of balls and strikes, and fouls. The other shall eive the base decisions except those occurring at the home plate. The referee umpire shall be the chief The referee unpire shall be the chief and all appeals must be made to him, and only by the captains of the teams. Kicking players shall be removed from the field and shall further suffer such suspension from the game as the umpire or president of the league shall deem fit.

ments with reference to kicking play-ers, as it gives too great a power to the umpires. The scoring rules are so amended that no base hit shall be scored where a man is forced out on the play. If a man is a play. If a man, in an attempt to steal, is aided by a fielding or battery error or by a hit he shall not be credited with

Manager Hanlon announced today that he had made up his mind to rethat he had made up his him to be sume the training business at the same old stand, Macon, Ga. The Brown House will again be their stopping place and the men will leave Baltimore on March 14. Twelve or thirteen days

### BASEBALL SMALL TALK.

Gene De Montreville, who went to the Baltimores as a part of a deal, is anx-ious for the baseball season to begin. In a letter to Manager Ned Hanlon, of joles. De Mont speaks of his ambition to play ball according to the "Hanlon idea," and thinks he will make his greatest reputation as a member his greatest reputation as a said he the Baltimore team. He also said he is glad to play with the Orioles and is ready to do his very best. It is thought that he will get more money than the Washington club paid him.

It is expected that the Phillies will start for Cape May about the first week in March to put on preliminary touches or a lively season.

The Pirates will not be overburdened with increased salaries next season. Manager Watkins doesn't believe in coaxing the men to do their best by extra financial offerings. He says no man on the Pittsburg team is entitled to more money next season then o more money next season than he reeived in 1897.

Joe Corbett, the Oriole twirler, is spending his leisure time in Frisco pitching for amateur and semi-professional teams there. Bill Lange, of the Thicagos, is doing likewise.

"Scrappy Bill" Joyce doesn't much faith in natural ball players. The stars, he says, are the men who study the game and then work out the strong points. It would not be well for Scrap-py Bill to lose the natural players on the New York team.

### RIDES A CENTURY DAILY.

The Arrival of Edwards, Who Is After a Novel World's Record.

Local wheelmen are familiar with the fact that E. S. Edwards began on New Year's Day in New York city to ride one nuncred miles daily for one year one nundred miles daily for one year on a Columbia chainless bleycle. Up to and including Tuesday Edwards has ridden in and about New York city one ridden in and about New York city one hundred miles every day and during the last week or ten days has had terrible conditions of weather and roads to contend with. The Pope Manufacturing Company, of this city, received a telegram on the 8th instant from his managers in New York, asking if weather conditions were such as to enable him to do his one hundred miles daily it and about Washington. daily in and about Washington, and received a favorable reply. Edwards, accordingly, reached here yesterday morning and immediately began his first ride of one hundred miles, starting from above the company's building on Fourteenth street. His route from there was over the Conduit road, doing

about fifteen miles to the lap.

During his stay in this city he has
the privileges of the Columbia Athletic
Club, where there is every facility at Club, where there is every facility at hand for his proper training. To those interested it is noteworthy that Mr. Edwards has thus far since January 1, ridden his Columbia chainless bicycle without accident of any kind, and his feats of riding through mud and snow in and about New York city for the past month are excellent testinonnals in favor of the bevel gear machine. Mr. Edwards can be seen every morning for a week at the Pone Manufac. Mr. Edwards can be seen every morning for a week at the Pope Marufacturing Company's building, on Fourteenth street, before starting on his daily ride. He has set up a hard task for himself and his pluck and endurance to date are remarkable.

### CYCLING NOTES.

The L. A. W. Bicycle Club of Indian-apolis has completed arrangements by which it secures a handsome new clubhouse on the principal residence street of the city. The building is admirably suited for a clubhouse, and will be used as the headquarters during the week of the meet.

The bicycle has reached its very lowest price, according to a Philadelphia paper, and persons who intend purchasing '98 machines will be interested in the announcement that a well-known manu-

cept those occurring at the home plate. The referee umpire shall be the chief and all appeals must be made to him, and only by the captains of the teams. Kicking players shall be removed from the field and shall further suffer such suspension from the game as the umpire or president of the league shall deem fit.

Hanlon does not like Hart's amendments with reference to kicking playments with reference to kicking playments with reference to kicking playments. tire being at the time of its inception noticed to such an extent that the bi-cycle industry was from that moment revolutionized. The success of the pneumatic tire on bicycles has been the of their adoption for other vehicles

The rules regulating the selling of biycles on the installment plan this year have been rigidly modified. The int have beeen rigidly medified. The inten-tion of demanding a bigger amount than is usual to be pald down on the pur-chase of a wheel has been very widely discussed by dealers throughout the country. As a proof of this, the cycle board of trade of Long Island has de-cided that, on the instalment plan, buy-ers must pay \$30 down on a \$50 wheel, with \$5 added to the original price, and all payments must be made within eight all payments must be made within eight months. Undesirable customers will also

It has been suggested for the consideration of the delegates at the annual L. A. W. meeting, in order to do full and complete justice to the "ladies of the L. A. W." "that ladies should be allowed. o compete at race meets under sanc on, for the prizes to be given for meriorious riding, competitors to be divided nto two classes, according to their use of drop or diamond frame machine; the competitors to do such riding and perform such movements as will best sh osition, gracefulness, ease, motion, style nd general knowledge of handling a sheel, mounting or dismounting, right wheel, mounting or dismounting, right and left turning, riding in circles, ankle motion and the like."

Baltimore and Obio Changes. On March 1 Edward S. King, now commercial freight agent of the Balti-more and Ohio Railroad Company at more and Onlo Railroad Company at Baltimore, will be transferred to Phila-delphia, with the same title and duties. His successor in Baltimore will be H. W. Atkinson, now chief clerk to General Freight Agent Galleher. J. R. Bell, of the general freight office in Baltimore, will succeed Atkinson as chief clerk in he freight department.

Coughs and colds need not be endured; they can be cured, and that quickly. Many mixtures are tem-

porary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy. The oil feeds the blood

and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs. The combination cures.

This may prevent serious lung troubles. 50c. and \$1.00; all druggists.

EXTENSION OF HIGHWAYS IN THE

EXTENSION OF HIGHWAYS IN THE

District of columbia—Washington, D. C.
December, S., 1897.—To Whom It May Concern:
The commission created by section 2 of the act of Congress approved March 2, 1893, entitled "An act to provide a permanent system of nighways in that part of the District of Columbia lying outside of cities," has received from the Commissioners of the District of Columbia a certified copy of a map showing a proposed permanent system of highways in the District of Columbia within the area west of Rock Creek. This map and plats, showing in detail how each lot and tract is affected by the proposed system of highways, are now on exhibition in room No. 47, fourth floor of the District building. All persons interested are invited to examine the map and plats. The commission will consider any suggestions or protests concerning the location of any highway or portion of a highway as shows on the map. The suggestions and protests must be in writing and must set forth clearly the reasons for the changes and show the property owned or controlled by the objector. All protests, and as forth, must be automated on or before the THIRTY-FIRST OF MARCH, 1898, and he addressed to the Chief of Engineers, U. S. Army, War Department, Washington, D. C. The commission will meet April 14, 1898, at 9, 20 o clock a m., in the office of the Secretary of War, to dispose of all objections, and will then hear orally from those who desire to thus support their written objections.
